

## **Once Upon A Time - Jennifer Mlott**

### **Leigh Thomas - Brecon Indie Reviewer Team**

Guitars aplenty and soaring vocal melodies combine and intertwine in this slightly dark yet delightfully vibrant number.

Once Upon A Time is upbeat from the get-go, with catchy rhythms and mournful slide guitar creating just the right atmosphere for a fairy-tale gone wrong.

Jennifer stoically subdues her vocal delivery to stern yet tuneful storytelling throughout the verses, enabling an impactful chorus of long notes and captivating melody. The song contains many points of interest including a crunchy guitar solo, a driving rhythm, and some wonderful vocal/guitar harmonizing.

Drawing from Rock and Country genres, the song also has a strong Pop element which should, along with its lush sound, appeal to a wide audience.
