

The I-o-v-e by Angel Sessions

Review by: Leigh Thomas

Brecon Indie Reviewer Team

Slick production and a groove to make you move make this pop infused R&B number a stand-out track from Angel Sessions. Sensual and atmospheric, ethereal keys softly underplay a driving rhythm and pumping bass, allowing space for Angel's smooth expressive vocal, often layered with choral like harmonies.

The I-o-v-e hits the mark as both a club/dance track and a wonderful listening experience, and brilliantly fuses classic R&B with a modern take!
