'Alone' is how I felt, listening to the track of the same name, by the sweet melodic voice of Little Sparrow aka Katie Ware

Haunting vocal harmonies draw you into a dream like atmosphere before the acoustic guitar begins the musical dream. The sumptuous vocals are then gradually wrapped in lush strings, pulling us in further.

The vocals are crystal clear, saccharine sweet and feel like two warm hands caressing your ears, constantly probing those of us who are alone in the night.

The rich blended harmonies and beating drums add to the poignancy of this beautiful, evocative question.

Am I alone?

I don't feel alone, surrounded by such a beautiful harmonic dream...

Beautifully arranged, recorded and performed. I enjoyed every moment of being alone gorging on this gorgeous, musical feast...Can't wait to hear more from the talented Katie Ware.
