

## **The Reverent Cavaliers – Nothing Matters But Love**

**Reviewed by Dirk Prisby (Rubber Clown Car)**

Sounding a bit like a cross between the Pixies and “Coda” era Led Zep, the Rev Cavs drum up a pretty cool sound.

The track crunches and grinds with the best of them. Love is a subject often written about (we've done it ourselves a few times).

But the Rev Cavs want you to know that Nothing Matters But Love, and in the end, I think they may be right.
